

## FLOOD ZONE DETERMINATION

According to Federal Law, it is the responsibility of the lending institution to provide flood zone information.

The West Milford Township Engineering Division has the Federal Emergency Management Association (F.E.M.A.) maps, but not the elevation information necessary to determine the flood zone. Any New Jersey licensed land surveyor can produce a flood zone elevation certificate, if required.

The following companies located in New Jersey provide flood zone determination services (for a fee), for individual properties.

CBA Information Services  
IV Executive Campus, Suite 100  
Cherry Hill, NJ 08002  
1-800-511-1727

Flood Zone Certification, Inc.  
P.O. Box 2  
Westwood, NJ 07675  
1-201-666-6640

Signature Information Solutions  
P.O. Box 8488  
Trenton, NJ 08650  
1-800-792-8888

The F.E.M.A. flood insurance rate maps (Map Number 34031C0015F-0138F) can be viewed / copied (\$5.00 per page) at the Engineering Division located at 30 Lycosky Drive, across from the Recycling Center. The maps can also be viewed / purchased via the Internet at [www.fema.gov](http://www.fema.gov)
